PROFILE

I'm a junior developer based in Tirana Albania, really passionate about creating unique, modern functional websites and applications interfaces. I'm always looking to obtain a challenging position at a prestigious company that will expand my learning and build upon my developer skills.

EXPERIENCE

React Js Intern
Mar 2021 - June 2021

Akademi.al

- Got familiar with Scrum Agile methodology and many more others.
- Learnt React Js and built an online chat application as the main project.

Front End Developer
July 2021 - Nov 2021

Pragmatic Software

- Extended my knowledge and built a landing page by using HTML, CSS, Bootstrap 4, Javascript and Jquery.
- Developed from scratch an auction website like Ebay, in React js.

EDUCATION

2019 - 2022

Fakulteti i Shkencave te Natyres
Tirane Albania
Bachelor
Computer Science
